

Obinna Ezeka

Front End Developer

I am a beginner developer with skills that I am looking to be refined and sharpened. A job environment where I can learn and work my way up to be a truly experienced front end developer is what I am looking for.

Projects

Quiz Warriors – Creator

May 2021 - May 2021

- Built a simple multiple choice quiz that stored user scores into local storage then later ranked the scores from highest to lowest.
- Used: Javascript, HTML/CSS

Covid Tracker – Creator

June 2021 - June 2021

- Use API's to find the amount of covid cases in specific regions of the world. Which showed the number of people sick with covid along with news articles from the region.
- Used: Javascript, HTML/CSS, API's

Portfolio – Creator

October 2021 - October 2021

- Created my own personal portfolio for people to see my work, experience, and skills. Portfolio has access to my GitHub, LinkedIn, and previous projects that have been done. It also uses local storage to allow users to contact me through my email.
- Used: Javascript, HTML/CSS

Education

Monte Vista Christian High School – Diploma

2013 - 2017

Watsonville

Berkley Extension –

Certificate of Completion, Front and Back End Developing

2021 - 2021

Berkeley Ca
